Eight German-language companies successfully invest in digitalization

- Companies from various industries expanded their success through digitalization
- Success stories about the use of document management solutions
- New or renewed reference contracts of satisfied EASY SOFTWARE customers in the first half of 2020

ÖBB (Austrian Federal Railway), one of the most well-known companies in Austria, already expressed its satisfaction with EASY at press conferences in 2019. Completely digital HR processes have changed work in the 40,000-person company sustainably.

The Würzburg Chamber of Commerce and Industry uses digital appraisal management in human resources. With this solution, the Chamber promotes performance-based compensation models, employee development, and thus also the retention and satisfaction of the workforce.

With digitalization solutions for contracts and real estate files, Gewobag always keeps an eye on the entire contract landscape of its more than 77,000 rental units.

The DKMS uses digitalization to declare war on blood cancer. Since then, the registration of stem cell donations has become even clearer and smoother.

EASY provides Lexware with the basis for the Lexware Cloud Archive for small businesses. This enables them to benefit from revision-proof archiving of their records and documents on highly available servers in Germany.

Babymarkt.de, Germany's leading online shop for baby and children's equipment, has been digitizing incoming invoices and other documents with a comprehensive EASY solution package since 2020.

As an institution with more than 400 years of tradition, the Karl-Franzens University of Graz still shows that it is at the cutting edge of digital innovation. The university manages contracts and personnel documents completely digitally.

Piening GmbH uses no less than eight different digitalization solutions, thus giving its personnel services a completely new impetus.

About EASY SOFTWARE AG

EASY SOFTWARE AG, with its headquarter in Mülheim an der Ruhr, Germany, is developing intuitive and customized software products and services for customers for the digitization of business processes since 1990. These products can be seamlessly integrated into existing systems and automate, mobilize, and optimize their customers' workflows worldwide. EASY provides these solutions on-premises, in the cloud and mobile.

With over 13,600 cross-industry installations, EASY SOFTWARE AG is one of the market leaders for software products and solutions in Germany. Since its foundation in 1990, the company has been active in 60 countries and currently has 393 employees. The EASY SOFTWARE has a network of around 100 partners. Its international subsidiaries are located in Europe, Asia and the USA.

At the end of 2018, EASY SOFTWARE AG made the significant technology acquisition of Apinauten GmbH from Leipzig, which offers the multi-experience ApiOmat platform. It will provide access to new customer segments in the attractive and fast-growing cloud business.

Following the merger of Apinauten GmbH with EASY ENTERPRISE SERVICES GmbH in August 2019, the ApiOmat platform operates under the EASY APIOMAT GmbH banner.

In fiscal year 2019, the EASY SOFTWARE Group generated revenues of EUR 50.6 million.
